RATE OF APPLICATION

Use	Water Volume	TANK AID Product Required	Comments
Routine Cleaning and decontamination of spray machinery	200L	600mL-1.2L	Use bypass or mechanical agitation to circulate solution throughout spray system. Use hose or hand boom to ensure solution will contact all contaminated surfaces of sprayer not submerged in the solution. Maintain solution contact for at least 15 minutes. When tank is cleaned, flush the cleaning solution through pump, all hoses, valves and nozzles.
Removal of residues of sulfonyl urea or phenoxy based herbicides	100L	945mL	Maintain solution contact for at least one hour.
Removal of stubborn stains on sprayer tanks and other machinery	10L	90mL	To remove stubborn spray stains on the outside of the tank, on tractors or other machinery. Mix TANK AID in a bucket and using rubber gloves, vigorously scrub the affected areas with the solution, using a stiff scrubbing brush.
For Backpack or Hand Held Sprayers	10L	80mL-120mL	Use higher rate for highly active herbicides as noted above. Agitate solution to ensure contact with all internal surfaces then spray through the hand wand for 1 to 2 minutes. Repeat with clear water.

FIRST AID: Have the product container or label with you when calling a poison information centre (Australia: 13 11 26) or doctor or going for treatment. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. **IF ON SKIN:** Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. If inhaled: Remove person to fresh air and keep comfortable for breathing.

STORAGE & DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store locked up. Dispose of contents/container in accordance with local regulations.

NOTICE: This product is designed only for the particular purposes indicated on the label. Failure to use the product strictly as directed may be illegal, prove dangerous and render the product ineffective. The buyer or user is responsible for any misuse or negligence in the handling, storage, use of or disposal of this material. Indigo Specialty Products Pty Ltd will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply and use of this product other than those responsibilities mandatorily imposed by the Statutes applicable to the sale and supply of these goods.
